引言

INTRODUCTION

引言 INTRODUCTION

我們很高興在本冊載列二〇〇四至〇五財政年度的應計制政府綜合財務報表。這份應計制財務報表是我們在現金收付制周年帳目外，額外編製的報表。其目的在於提供有關政府財務狀況及表現的更全面資料，以及提高社會人士對公共財政的認識。

2. 我們已把政府的固定資產和折舊包括在本年度的財務報表內，以及引進一份資產保管報表匯報政府為提供公共服務所動用的主要實物資產，即建築物、基建資產和土地等的具體數據。

3. 我們歡迎社會各界人士就本冊所載的應計制財務報表及資產保管報表提出意見。我們會參照實際經驗及收到的意見，以更佳的方式編製這些報表。

李李嘉麗
庫務署署長
二〇〇五年十二月

We are pleased to present in this booklet the accrual-based consolidated financial statements of the Government for the financial year 2004-05. The accrual-based financial statements are prepared in addition to the annual cash-based accounts and aim to present more comprehensive information on the financial position and performance of the Government and promote greater awareness of public finances in the community.

2. We have included the Government's fixed assets and depreciation in this year's financial statements, and introduced a stewardship statement describing in terms of physical measurements the major physical assets (i.e. buildings, infrastructure assets and land) employed by the Government for the delivery of public services.

3. We welcome any comments from the public on the accrual-based financial statements as well as the stewardship statement. We will further improve these statements in the light of experience and comments received.

財務報表附註 NOTES TO THE FINANCIAL STATEMENTS

1. 編製基準

除另有指明外，這些綜合財務報表是按應計制基準編製，其目的是反映香港特別行政區政府（政府）的整體財務表現和狀況，以及顯示政府在提供公共服務方面所持有的資源。

2. 匯報單位及綜合匯報基準

2.1 匯報單位

納入這套綜合財務報表的單位包括：

- a) 政府一般收入帳目；
- b) 根據《公共財政條例》（第二章）第 29 條設立的基金(附註 34(a)(i))；
- c) 政府為特定目的而設立的其他基金，其財政資源主要來自政府，而政府須就其用途負責（附註 34(a)(ii)）；
- d) 政府持有不少於 20% 控股投資並分享其淨收益的政府企業(附註 34(b)(ii))；
- e) 香港房屋委員會(房委會)；
- f) 香港五隧一橋有限公司；以及
- g) 外匯基金。

2.2 其他非政府部門的公共機構

這些單位所耗用的資源已按補助金及資助金形式，在這些綜合財務報表內匯報有關開支，以反映政府與這些單位之間存在服務購買者與服務供應者的關係，所以不作綜合匯報。

2.3 綜合匯報基準

附註 2.1(a)、(b)、(c)、(e) 及 (f) 所述的單位，採用分項總計法方式作綜合匯報，即收入、開支、資產及負債等相同項目予以合併，猶如一個單一單位，以反映政府的整體財務表現及狀況。這些單位之間的重大交易和負債餘額已互相抵銷。至於年結日期不同的單位，亦已作適當調整，以反映截至三月三十一日止的財務表現及狀況。

1. Basis of Preparation

These consolidated financial statements are prepared on the accrual basis of accounting, except where stated otherwise, to present the overall financial performance and position of the Government of the Hong Kong Special Administrative Region (the Government) and to demonstrate the resources held by the Government in the delivery of public services.

2. Reporting Entities and Basis of Consolidation

2.1 Reporting entities

The entities included in these consolidated financial statements are as follows:

- a) the General Revenue Account (GRA);
- b) the Funds established under section 29 of the Public Finance Ordinance (Cap. 2) (Note 34(a)(i));
- c) other Funds established by the Government for specific purposes with their funding mainly from the Government and the Government being responsible for their use (Note 34(a)(ii));
- d) government business enterprises in which the Government has an investment holding of not less than 20 per cent and of which the Government shares the net earnings (Note 34(b)(ii));
- e) the Hong Kong Housing Authority (HKHA);
- f) Hong Kong Link 2004 Limited; and
- g) the Exchange Fund.

2.2 Other non-departmental public bodies

Entities whose resource consumption has been accounted for in these consolidated financial statements as grants and subventions, thereby reflecting the relationship between the Government and these entities as one of purchaser and provider of services, are not consolidated.

2.3 Basis of consolidation

Entities in notes 2.1(a), (b), (c), (e) and (f) are consolidated on a line-by-line basis whereby similar items of revenue, expenses, assets and liabilities are combined to give an overall view of the Government's financial performance and position as if they were a single entity. Significant transactions and balances of indebtedness between these entities are eliminated, and adjustments are made to reflect the financial performances and positions as of March 31 for entities with a different reporting date.

附註 2.1(d)及(g)所述的單位，採用權益法方式作綜合匯報，即政府在其當年度經營結算淨額中的應佔金額在綜合財務表現表分開披露，而政府在其資產淨值中的應佔金額則於扣除已確認入帳的減值虧損後，納入綜合財務狀況表的投資項目內。

2.4 作綜合匯報而財政年度並非在三月三十一日結束的單位

採用分項總計法方式作綜合匯報，而財政年度結算日期並非為三月三十一日的單位，綜合匯報是以該單位截至三月三十一日止 12 個月的未經審計帳目為基礎。

採用權益法方式作綜合匯報，而財政年度結算日期並非為三月三十一日的單位，綜合匯報是以該單位最近期的財政年度的經審計帳目為基礎。但財政年度在十二月三十一日結束的外匯基金則除外，其帳目已作調整，以涵蓋截至三月三十一日止的 12 個月。

3. 主要會計政策

a) 收入

就政府一般收入帳目及根據《公共財政條例》(第 2 章)設立的基金而言，收入在收款後確認入帳。至於其他作綜合匯報的單位，如經濟利益可能流入有關單位並能可靠地計算，有關收入便確認入帳。

b) 開支

就政府一般收入帳目及根據《公共財政條例》(第 2 章)設立的基金而言，除下述情況外，政府的開支在支付後確認入帳：

- (i) 主要負債（包括退休金、尚餘假期以及債券及票據的應付利息）以應計制計算，以反映匯報期內所耗用資源的價值；以及
- (ii) 手頭存貨。

至於其他綜合匯報的單位，如資產減少或負債增加引致日後減少的經濟利益能可靠地計算，有關開支便確認入帳。

Entities in notes 2.1(d) and (g) are consolidated on an equity basis whereby the Government's share of their current year's net operating results are separately disclosed in the Consolidated Statement of Financial Performance, and the Government's share of their net assets, less any impairment losses recognized, are included in the investments reported in the Consolidated Statement of Financial Position.

2.4 Consolidated entities with financial year-end dates other than March 31

For entities consolidated on a line-by-line basis and with a financial year-end date other than March 31, consolidation is based on the unaudited accounts covering the twelve-month period to March 31.

For entities consolidated on an equity basis and with a reporting date other than March 31, consolidation is based on the audited accounts available for the latest financial year, with the exception of the Exchange Fund, of which the financial year ends on December 31 and for which adjustments are made to cover a twelve-month period to March 31.

3. Principal Accounting Policies

a) Revenue

For GRA and the funds established under the Public Finance Ordinance (Cap. 2), revenue is recognized when it is received. For other consolidated entities, revenue is recognized when it is probable that the economic benefit will flow to the entities concerned and can be measured reliably.

b) Expenses

For GRA and the funds established under the Public Finance Ordinance (Cap. 2), the Government's expenses are recognized when they are paid except for the following:

- (i) accruals are made for major liabilities (including pensions, untaken leave and interest payable on bonds and notes) in order to reflect the value of the resources consumed in the reporting period; and
- (ii) stocks in hand.

For other consolidated entities, expenses are recognized when a decrease in future economic benefits relating to a decrease in an asset or an increase of a liability has arisen that can be measured reliably.

<p>c) <u>現金及現金等價物</u></p> <p>現金及現金等價物是指現金以及在銀行和其他金融機構不多於三個月（由存款日計）的存款。</p>	<p>c) <i>Cash and cash equivalents</i></p> <p>Cash and cash equivalents are cash, placements with banks and other financial institutions with an original period to maturity of not more than three months.</p>

報(往年的財務報表所匯報的固定資產均屬香港房屋委員會，其帳目已用分項總計法方式在這些財務報表內綜合匯報)。有關這項會計政策變動的影響，請參閱附註 4。

固定資產按成本匯報，如沒有成本(例如捐贈資產、在建造、經營及移交安排下屆滿後移交政府的資產等)或成本數字不能可靠地取得，則按估值入帳。成本包括購置固定資產或把固定資產設定在添置時所需的狀況及地點的開支。固定資產添置後的開支，如能提高日後從該資產得到的經濟利益，則計入該資產的帳面值內。

對於那些未能可靠地取得成本數字的樓宇，由獨立合資格估價師採用折舊後的重置成本(於二〇〇四年三月三十一日)估值。而在一份已屆滿的建造、經營及移交安排下，於一九九九年九月一日移交政府的海底隧道，其價值則按原來建造費用扣除折舊(累計至移交日)後計算。

在這份財務報表匯報的基建資產為供水服務、污水處理服務、客運碼頭、收費隧道、青嶼幹線、堆填區及其他環保設施等。

折舊是以直線法計算，按固定資產的預計可供使用年期攤銷其成本或估值。個別資產的預計可供使用年期如下：

- 基建資產 大多為 50 年
- 樓宇 10-50 年
- 電腦軟件及硬體 5-10 年
- 土木工程 30-50 年
- 船隻 4-20 年
- 照明及通風設備 20 年
- 其他機器及設備 5-15 年

進行中的基本工程/項目不計算折舊。

出售或撇除固定資產的盈虧，均按該資產出售所得的淨額(如有的話)與其帳面淨值的差額釐定，並在有關年度的財務表現表內入帳。

i) *建造、經營及移交安排下的資產*

在建造、經營及移交安排下，政府

financial statements all belong to the Hong Kong Housing Authority which has been consolidated on a line-by-line basis in these financial statements). Please refer to note 4 for the effects of this change of accounting policy.

Fixed assets are stated at cost, or at valuation if cost is not relevant (e.g. donated assets, assets reverted to the Government after the expiry of a build-operate-transfer arrangement, etc.) or cannot be ascertained reliably. Cost comprises expenditure incurred in acquiring or bringing a fixed asset to its condition and location intended at the time of acquisition, construction or development. Subsequent expenditure relating to an existing fixed asset is added to the carrying value of the fixed asset if it is probable that future economic benefits in excess of the originally assessed standard of performance of the asset will be obtained.

For those buildings whose costs cannot be ascertained reliably, valuation (as of 31 March 2004) was made by independent qualified valuers on a depreciated replacement cost basis. For Cross-harbour Tunnel, which was reverted to the Government on 1 September 1999 after the expiry of a build-operate-transfer arrangement, it is valued at its original construction cost less accumulated depreciation up to the date of reversion.

Infrastructure assets reported in these financial statements comprise water supplies, sewage services, marine ferry terminals, toll-tunnels, the Lantau Link, landfills and other environmental protection facilities.

Depreciation is provided on a straight line basis to amortize the costs or valuations of fixed assets over their estimated useful lives as follows:

- Infrastructure assets mainly 50 years
- Buildings 10-50 years
- Computer software and hardware 5-10 years
- Civil engineering works 30-50 years
- Boats and vessels 4-20 years
- Lighting and ventilation 20 years
- Other plant and equipment 5-15 years

No depreciation is provided for capital works/projects in progress.

The gain or loss on retirement or disposal of a fixed asset is determined as the difference between the net disposal proceeds (if any) and its net book value, and is recognized in the Statement of Financial Performance in the year of retirement or disposal.

i) *Assets under Build-Operate-Transfer arrangements*

In a Build-Operate-Transfer (BOT) arrangement, the

與私人公司訂立合約，由有關公司出資、設計及建造某項設施，而該公司一般可獲得固定年期的特許經營權，以經營該項設施並從中取得收入，直至特許經營期結束為止，該項設施之後便會移交政府。在建造、經營及移交安排下由私人機構建造的資產，其權益及有關的經濟利益不會在經營期結束前轉移給政府。

因此，建造、經營及移交安排下的資產不會在經營期結束前在政府的綜合財務狀況表內匯報為資產。當經營期屆滿，有關資產會按固定資產的會計政策予以確認入帳和折舊。

於二〇〇五年三月三十一日，在建造、經營及移交安排下的資產名稱及屆滿日期，載於附註 33。

j) 僱員福利

退休福利

政府根據《強制性公積金計劃條例》(第 485 章)就僱員參與強制性公積金計劃而向該等計劃作出的供款，在支付後匯報為開支。

政府現時提供的數個退休金計劃，均屬界定福利計劃(見附註 24)。在應計制的會計模式下，政府就這些退休金計劃須履行的承擔，由獨立合資格精算師，使用預計單位給付成本法定期計算。綜合財務表現表內的退休金福利包括下列開支項目(除另有指明外，全以應計制入帳)：

- (i) *現行服務成本* – 指僱員在所匯報的財政年度內在政府服務而增加的政府退休金負債；
- (ii) *利息費用* – 指因退休金福利距離支付日期的時間減少一年而增加的政府退休金負債；
- (iii) *精算收益／虧損* – 指政府退休金負債因下述情況而減少(精算收益)或增加(精算虧損)：

Government enters into an agreement with a private sector company under which the company agrees to finance, design and build a facility at its own cost, and is given a concession, usually for a fixed period, to operate that facility and collect revenue from its operation before transferring the facility to the Government at the end of the concession period. For assets constructed by the private sector under BOT arrangements, both the title to the assets and the economic benefits arising from the assets are not passed to the Government until the arrangements expire.

Assets under BOT arrangements are therefore not reported as assets in the Government's Consolidated Statement of Financial Position until the arrangements expire. At the expiry of such arrangements, the related assets are recognized and depreciated according to the accounting policy on fixed assets.

A list of the assets under BOT arrangements as at 31 March 2005 and the expiry dates of the arrangements are at note 33.

j) *Employee benefits*

Retirement benefits

For employees participating in the Mandatory Provident Fund Schemes as required under the Mandatory Provident Fund Schemes Ordinance (Cap. 485), the Government's contributions to the schemes are reported as expenses upon payment.

The Government operates a number of pension schemes which are defined benefit schemes (see note 24). For the purpose of accrual-based accounting, the Government's obligations under these pension schemes are determined at periodical intervals by an independent qualified actuary using the Projected Unit Credit Method. The pension benefits included in the Consolidated Statement of Financial Performance comprise the following expense items, all of which are accounted for on the accrual basis except otherwise indicated:

- (i) *current service cost* – represents the increase in the Government's pension liabilities arising from service in the financial year being reported on;
- (ii) *interest cost* – represents the increase in the Government's pension liabilities which arises because the pension benefits are one year closer to settlement;
- (iii) *actuarial gain/loss* – represents the decrease (for actuarial gain) or increase (for actuarial loss) in the Government's pension liabilities arising from:

- 因應經驗而作出的調整，即先前訂定的精算假設與實際情況有所出入的影響；以及
- 改變精算假設的影響。

所計得的精算收益／虧損悉數確認入帳；以及

- (iv) **截減年期虧損** – 指因向自願退休計劃參與者發放退休金福利較正常情況為早而增加的政府退休金負債。所計得的截減年期虧損悉數確認入帳。

其他僱員福利

約滿酬金及假期是以應計制入帳，而其他福利，例如房屋、醫療及教育福利，則在支付時確認入帳。

k) **外幣換算**

外幣收入及開支均按交易日的匯率折算為港幣入帳。以外幣結算的財務資產及負債均按三月三十一日的匯率折算為港幣。匯兌損益均在綜合財務表現表入帳。

- experience adjustments (i.e. the effect of differences between the previous actuarial assumptions and what has actually occurred); and
- the effect of changes in actuarial assumptions.

Actuarial gain/loss is recognized in full as identified; and

- (iv) **curtailment loss** – represents the increase in the Government's pension liabilities arising from the payment of pension benefits to participants of the voluntary retirement schemes earlier than would otherwise be the case. Curtailment loss is recognized in full as identified.

Other employee benefits

Contract gratuities and leave are accrued while other benefits such as housing, medical and education are recognized when they are paid.

k) **Foreign currency translation**

Foreign currency revenue and expenses are translated into Hong Kong dollars at the exchange rates prevailing at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated into Hong Kong dollars at the rates of exchange ruling at March 31. Exchange gains and losses on foreign currency translation are dealt with in the Consolidated Statement of Financial Performance.

4. 會計政策的更改

為了更適切地反映政府的財務表現及狀況，由二〇〇四至〇五年度開始，政府的固定資產會在這些應計制財務報表內匯報(往年的財務報表所匯報的固定資產均屬房委會，其帳目已用分項總計法方式在這些財務報表內綜合匯報)。這項會計政策變動已作出追溯計算，而二〇〇三至〇四年度的比較數字已作調整，以符合更改後的會計政策。改變會計政策後的整體影響為：在財務表現表匯報的淨盈餘增加 25.27 億元(二〇〇三至〇四年的增加為 14.40 億元)，而在財務狀況表匯報的資產淨值則增加 1,656.57 億元(二〇〇三至〇四年的增加為 1,631.32 億元)。

4. Change in accounting policies

In order to better reflect the Government's financial performance and position, the Government's fixed assets have been reported in these accrual-based financial statements starting with 2004-05 (the fixed assets reported in the previous financial statements all belong to HKHA which has been consolidated on a line-by-line basis in these financial statements). This change in accounting policy has been accounted for retrospectively and the comparative figures for 2003-04 have been restated to conform with the changed policy. The overall net effects of this change in accounting policies are an increase in net surplus reported in the Statement of Financial Performance amounting to \$2,527 million (\$1,440 million for 2003-04), and an increase in net assets reported in the Statement of Financial Position amounting to \$165,657 million (\$163,132 million for 2003-04).

註:

- (a) 包括在上述暫支款項的一筆 11.62 億元 (2004 : 11.62 億元) 有關越南入境者方面的開支，可向聯合國難民事務高級專員署 (專員署) 收回。該署最近的還款共 4 百萬元在一九九八年二月收到。再者，在一九九八年一月，難民事務高級專員通知香港特別行政區政府，由於再獲得資金的機會渺茫，該署在一九九八年二月的償款已是專員署可實際預計的最後一次償款。倘專員署欠款不還，香港特別行政區政府亦不能循法律途徑要求還款，因為根據《國際組織及外交特權條例》(第 190 章)，專員署是豁免被起訴的。因此，能否完全收回該筆欠款，實在很成疑問。

在二〇〇四至〇五財政年度，香港特別行政區政府繼續要求專員署償還尚欠的暫支款項，並促請專員署再度尋找捐獻，以償還有關款項。至今，香港特別行政區政府沒有再收到還款或捐款。香港特別行政區政府會繼續致力要求專員署盡早償還此暫支款項。

- (b) 已扣除出售公務員房屋貸款所得的 1.77 億元 (2004 : 47.8 億元)。

Note:

- (a) Included in the advances above is a sum of \$1,162 million (2004 : \$1,162 million) being the outstanding balance of expenditure on Vietnamese migrants recoverable from the United Nations High Commissioner for Refugees (UNHCR). The last repayment, amounting to \$4 million, was received in February 1998. In January 1998, the High Commissioner for Refugees informed the Government of the Hong Kong Special Administrative Region (HKSAR) that in the absence of further funding prospects, the repayment in February 1998 was the last reimbursement that the UNHCR could realistically foresee. If the UNHCR defaults on repayment of the outstanding advances, the Government of the HKSAR will not be able to enforce repayment through legal means as the UNHCR is immune from suit under the International Organisations and Diplomatic Privileges Ordinance (Cap. 190). Consequently, the full recovery of the amount due is doubtful.

During the financial year 2004-05, the Government of the HKSAR continued to pursue the repayment of the outstanding advances from the UNHCR and to urge it to make renewed efforts to look for donations with a view to settling the amount. So far, the Government of the HKSAR has not received any further repayments or donations. Efforts to press the UNHCR for early settlement of the outstanding advances will continue.

- (b) After deducting the sums received from sale of civil servants housing loans \$177 million (2004 : \$4,780 million).

24. 退休金準備 Provision for pensions

政府主要提供四類的退休金計劃：

- a) *公務員退休金計劃* – 指受《退休金條例》(第 89 章)、《退休金利益條例》(第 99 章)、《退休金(增加)條例》(第 305 章)、《退休金(特別規定)(醫院管理局)條例》(第 80 章)、《退休金(特別規定)(香港理工學院)條例》(第 90 章)、《退休金(特別規定)(職業訓練局)條例》(第 387 章)及《退休金(特別規定)(香港教育學院)條例》(第 477 章)規管的退休金福利；
- b) *司法人員退休金計劃* – 指受《退休金利益(司法人員)條例》(第 401 章)及《退休金(增加)條例》(第 305 章)規管的退休金福利；
- c) *孤寡撫恤金計劃* – 指受《孤寡撫恤金條例》(第 94 章)及《孤寡撫恤金(增加)條例》(第 205 章)規管的撫恤金福利；以及
- d) *尚存配偶及子女撫恤金計劃* – 指受《尚存配偶及子女撫恤金條例》(第 79 章)及《退休金(增加)條例》(第 305 章)規管的撫恤金福利。

上述各項退休金／撫恤金計劃(統稱退休金計劃)均為界定福利計劃，當中公務員及司法人員退休金計劃屬非供款性質，而其餘兩項計劃則屬供款性質(以固定金額或按薪金的某個百分比供款)。公務員退休金計劃及有關的撫恤金計劃已經截止加入。凡於二〇〇〇年六月一日或以後獲發聘書的公務員，均沒有資格參加。這些退休金計劃的運作和資金來源，一律由相關的退休金法例規管。在應計制的會計模式下，政府就這些計劃截至二〇〇二年三月三十一日和二〇〇三年三月三十一日止的財政負債，以及二〇〇三至〇四、二〇〇四至〇五、二〇〇五至〇六年度的現行服務成本，已由獨立合資格精算師使用預計單位給付成本法作出評估。在評估過程中，採用了以下的主要精算假設：

5.5%

退休金計劃資產的預期回報率

不適用(註)

Expected rate of return on the assets of the pension schemes

Not applicable (Note)

The Government operates four major types of pension schemes:

- a) *Civil Service Pension Scheme* – refers to the pension benefits governed by Pensions Ordinance (Cap. 89), Pension Benefits Ordinance (Cap. 99), Pensions (Increase) Ordinance (Cap. 305), Pensions (Special Provisions) (Hospital Authority) Ordinance (Cap. 80), Pensions (Special Provisions) (Hong Kong Polytechnic) Ordinance (Cap. 90), Pensions (Special Provisions) (Vocational Training Council) Ordinance (Cap. 387) and Pensions (Special Provisions) (The Hong Kong Institute of Education) Ordinance (Cap. 477);
- b) *Judicial Service Pension Scheme* – refers to the pension benefits governed by Pension Benefits (Judicial Officers) Ordinance (Cap. 401) and Pensions (Increase) Ordinance (Cap. 305);
- c) *Widows and Orphans Pension Scheme* – refers to the pension benefits governed by Widows and Orphans Pension Ordinance (Cap. 94) and Widows and Orphans Pension (Increase) Ordinance (Cap. 205); and
- d) *Surviving Spouses' and Children's Pensions Scheme* – refers to the pension benefits governed by Surviving Spouses' and Children's Pensions Ordinance (Cap. 79) and Pensions (Increase) Ordinance (Cap. 305).

All the pension schemes above are defined benefit schemes with the civil and judicial pension schemes being non-contributory and the other two schemes being contributory (either at a fixed amount or as a percentage on salaries). The Civil Service Pension Scheme and the dependant pension schemes are closed schemes. Civil servants offered appointment on or after 1 June 2000 are not eligible to join. The operation and funding of the pension schemes are governed by the relevant pension legislation. For the purpose of accrual-based accounting, the Government's financial liabilities under these schemes as at 31 March 2002 and 31 March 2003 as well as the current service costs for 2003-04, 2004-05 and 2005-06 were assessed by an independent qualified actuary using the Projected Unit Credit Method and the following principal actuarial assumptions:

	<u>26,465</u>	<u>26,380</u>

註：政府基本上未有為退休金負債作出資金準備，所以沒有退休金計劃資產的預期回報率。根據退休金法例的規定，退休金福利須全數由政府一般收入支付。因此，政府每年都在一般收入帳目預留款項，以應付退休金的開支。政府由一九九五年起設立了公務員退休金儲備基金（金額相當於一年的退休金開支預算），當萬一政府未能由政府一般收入支付公務員退休金時，用以支付有關款項。這基金於二〇〇五年三月三十一日的結餘為 152.56 億元（2004：145.23 億元）。

Note: The Government's pension liabilities are basically unfunded and hence there is no expected rate of return on the assets of the pension schemes. The pension legislation provides that payments of all pension benefits should be charged to the General Revenue. Accordingly, funds are set aside every year from the General Revenue Account for pension payments. To meet payments of civil service pensions in the most unlikely event that the Government cannot meet such liabilities from the General Revenue, the Government has since 1995 maintained a Civil Service Pension Reserve Fund which could cover the estimated pension payment for one year. The balance of this Fund was \$15,256 million as at 31 March 2005 (2004: \$14,523 million).

註：尚餘假期準備旨在顯示在職僱員的假期餘額（即已賺取但未放取）總值，金額以目前薪金水平計算。當僱員放取假期後，這項負債會相應減少。若僱員離職時仍有未放取的假期，有關金額將在僱員所屬部門的薪金撥款內支付。在二〇〇〇年六月一日或之後獲發聘書的公務員，其假期賺取率及假期可積存額均已大幅下調；這些公務員的平均假期賺取率約為每年 20 日，平均假期可積存額約為 40 日。基於這個原因，預計日後政府在尚餘假期方面的負債額將會減少。

Note: The provision for 'untaken leave' gives an indication of the overall amount of leave earned but not yet taken by serving officers calculated at their current salary levels. As and when officers clear their untaken leave balance, such liability is expected to decrease. In case officers have untaken leave when leaving the Government, the liability for untaken leave will be absorbed within the salary provisions for the departments concerned. It should be noted that both leave earning rates and leave accumulation limits have been substantially reduced for civil servants offered appointment on or after 1 June 2000. To illustrate, the average leave earning rate of these civil servants is about 20 days per annum and the average accumulation limit is about 40 days. As such, it is expected that the Government's liability for untaken leave will decline over time.

27. 外匯基金儲備 Exchange Fund Reserve

金融管理專員獲財政司司長轉授權力，作為外匯基金（該基金）的監管人，根據《外匯基金條例》（第 66 章）的條文管理該基金。該基金於二〇〇五年三月三十一日的資產淨值，在綜合財務狀況表內列為外匯基金儲備。在二〇〇三至〇四年度及二〇〇四至〇五年度，外匯基金儲備的年內變動如下：

The Monetary Authority, under delegated authority from the Financial Secretary as Controller of the Exchange Fund (the Fund), manages the Fund in accordance with the provisions of the Exchange Fund Ordinance (Cap. 66). The net assets of the Fund as at 31 March 2005 are represented by the Exchange Fund Reserve in the Consolidated Statement of Financial Position. The movements of the Exchange Fund Reserve during the years ended 31 March 2004 and 31 March 2005 were as follows:

- c) 為受嚴重急性呼吸系統綜合症影響的行業而設的貸款擔保計劃所作的保證 1.76 億元 (2004 : 4.18 億元)；
- d) 為電影貸款保證基金所作的保證 1,300 萬元 (2004 : 無)；
- e) 訴訟 3.92 億元 (2004 : 1.13 億元)；
- f) 可能對亞洲開發銀行認購的股本 21.12 億元 (2003 : 20.69 億元)；
- g) 銀行及其他認可財務機構就居屋計劃及私人參建計劃下興建及出售的單位提供的按揭貸款，均由房委會作出還款保證，所涉及的或有負債，屬於居屋第一市場的為 618.69 億元 (2004 : 721.60 億元)，屬於居屋第二市場的則為 58.62 億元 (2004 : 52.79 億元)。然而，房委會認為，除非有關物業在轉讓限制期的首兩年內以原價重售、在轉讓限制期的第 3 至 5 年內以當時居屋價格重售，以及在轉讓限制期屆滿後以當時市值扣除應付補價後的價格重售後所得的收入不足以抵銷未償還給銀行及其他財務機構的按揭債項，否則，上述或有負債不會出現。房委會據此估計其財務風險，屬於居屋第一市場的為 41.31 億元 (2004 : 194.02 億元)，屬於居屋第二市場的則為 8.94 億元 (2004 : 13.50 億元)；
- h) 房委會就租者置其屋計劃（租置計劃）單位作出的還款保證，屬第一市場的為 45.73 億元 (2004 : 53.31 億元)，屬第二市場的則為 6,000 萬元 (2004 : 4,400 萬元)。然而，根據上文第(g)項的理據，以及假設有關係物業能在轉讓限制期的首兩年內以原價重售、在轉讓限制期的第 3

As at 31 March 2005, the Government had the following contingent liabilities:

- a) guarantee to the Hong Kong Export Credit Insurance Corporation for liabilities under contracts of insurance amounting to \$10,207 million (2004 : \$9,499 million);
- b) guarantees provided under loan guarantee schemes for small and medium enterprises amounting to \$4,945 million (2004 : \$3,262 million);
- c) guarantees provided under the Loan Guarantee Scheme for Severe Acute Respiratory Syndrome Impacted Industries amounting to \$176 million (2004 : \$418 million);
- d) guarantees provided under the Film Guaranteed Fund amounting to \$13 million (2004 : nil);
- e) litigation amounting to \$392 million (2004 : \$113 million);
- f) possible capital subscriptions to the Asian Development Bank amounting to \$2,112 million (2003 : \$2,069 million);
- g) default guarantees in respect of mortgage loans made by banks and other authorised financial institutions on flats built and sold under HOS and PSPS amounted to \$61,869 million (2004 : \$72,160 million) for the Primary Market Scheme and \$5,862 million (2004 : \$5,279 million) for the Secondary Market Scheme. However, it is HKHA's view that contingent liabilities on default guarantees will only arise if the outstanding indebtedness of mortgages to banks and other financial institutions cannot be covered by proceeds from resale at the original selling price for flats within the first 2 years of the resale restriction period, at the prevailing HOS price for flats from the 3rd to the 5th year of such period, and at the prevailing market price less premium payable after the resale restriction period. HKHA estimates its financial exposure to be \$4,131 million (2004 : \$19,402 million) for the Primary Market Scheme and \$894 million (2004 : \$1,350 million) for the Secondary Market Scheme;
- h) default guarantees for flats sold under Tenants Purchase Scheme (TPS) amounted to \$4,573 million (2004 : \$5,331 million) for the primary market and \$60 million (2004 : \$44 million) for secondary market. However following the rationale in (g) above and assuming that the properties can be re-sold at the original selling price for flats within the first 2 years of the resale restriction period, at the prevailing TPS price for flats from the 3rd to the 5th year of such

至 5 年內以當時的租置計劃單位價格（減去第一市場單位折上折優惠所涉及的實際金額）重售，以及在轉讓限制期屆滿後以當時市值扣除應付補價後的價格重售，房委會據此估計其財務風險，屬於第一市場的為 12.49 億元 (2004 : 28.68 億元)，屬於第二市場的則為 1,400 萬元 (2004 : 1,500 萬元)；

- i) 一名發展商就過去數年內取消出售的若干私人參建居屋單位，對房委會採取法律行動，申索約 2 億元 (2004 : 1.06 億元)；
- j) 所有新落成的居屋計劃及私人參建計劃屋苑均享有樓宇結構安全保證，保證由屋苑完工日期起計十年內（天水圍地區則為二十年內）有效，這項保證亦適用於截至二〇〇〇年四月十三日止仍在有關樓宇結構安全保證期限內的現存屋苑。截至二〇〇五年三月三十一日止，仍在樓宇結構安全保證期限以內的居屋及私人參建居屋單位約有 134,000 個 (2004 : 142,000 個)。然而，房委會無法確定為作出樓宇結構安全保證而須承擔的負債，因此，除自二〇〇〇至〇一年度起用於樓宇結構安全保證的維修費用總額 480 萬元 (2004 : 470 萬元) 外，帳目未有反映房委會因有關保證而或須承擔的負債；
- k) 兩個私人參建計劃發展項目的發展商指稱房委會及政府違反批地條件，向房委會及律政司司長發出傳訊令狀，提出索償，而索償金額有待估算。房委會及政府均會提出抗辯。現階段暫未能確定此事會造成的財政影響。

period (less the actual amount of special credit for primary market flats) and at the prevailing market price less premium payable after the resale restriction, HKHA estimates its financial exposure to be \$1,249 million (2004 : \$2,868 million) for the primary market and \$14 million (2004 : \$15 million) for the secondary market;

- i) a claim by legal action of a developer in the region of \$200 million (2004 : \$106 million) against HKHA arising from cancellation of sales of certain flats under PSPS in previous years;
- j) structural safety guarantee (SSG) covers all newly completed HOS and PSPS developments for a period of 10 years (20 years for Tin Shui Wai area) from the date of completion, including those existing developments which were within the relevant SSG period as at 13 April 2000. As at 31 March 2005, there were about 134,000 units (2004 : 142,000 units) of HOS and PSPS flats covered by the SSG. However, HKHA's liabilities under the SSG could not be reasonably ascertained and have not been recognised in the accounts, except for the total repair costs incurred under the SSG of \$4.8 million (2004 : \$4.7 million) since the year 2000-01; and
- k) writs of summons on HKHA and the Secretary for Justice were served by developers of two PSPS development projects claiming for damages to be assessed as a result of the alleged breach of the land grant conditions by HKHA and the Government. Both HKHA and the Government would defend their case. The financial implications cannot be reasonably ascertained at this stage.

35. 即將終止的業務 **Discontinuing operations**

二〇〇三年七月，房委會通過把轄下零售和停車場設施分拆出售的建議，以便房委會集中資源，履行提供資助公營房屋的主要職責。原本計劃透過首次公開發售，安排領匯房產基金於二〇〇四年十二月在香港聯合交易所上市，以出售有關設施。然而，由於當時就房委會分拆出售轄下零售和停車場設施的法定權力而提出的司法覆核，未能在領匯房產基金的預定上市日期前終結，首次公開發售因而失效。二〇〇五年七月二十日，終審法院法官一致駁回上訴，裁定房委會出售轄下零售和停車場設施予領匯房產基金，符合房委會須確保提供設施的法定宗旨，故屬其權限之內。首次公開發售重新展開，而領匯房產基金已於二〇〇五年十一月二十五日在香港聯合交易所上市。分拆出售的物業共有 180 項：包括 149 項零售和停車場綜合設施、2 項獨立的零售設施和 29 項獨立的停車場設施。截至二〇〇五年三月三十一日，上述物業的帳面淨值約為 190 億元。

In July 2003, HKHA approved the proposal to divest its retail and carparking (RC) facilities. The divestment plan would enable HKHA to focus its resources on its core function as a provider of subsidised public housing. The original plan was to sell the concerned facilities through an initial public offering (IPO) of units in a REIT, namely The Link REIT (the REIT) to be listed on the Hong Kong Stock Exchange in December 2004. However, since the judicial review challenge against HKHA's statutory power to divest its RC facilities could not reach finality before the scheduled listing date of the REIT at that time, the IPO lapsed. On 20 July 2005, the Court of Final Appeal unanimously dismissed the appeal and ruled that the sale of the RC facilities by HKHA to the REIT was consistent with its statutory objective of securing the provision of the facilities and therefore within the capacity of the Authority. The IPO was re-launched, and the REIT was listed on the Hong Kong Stock Exchange on 25 November 2005. The divestment portfolio comprised 180 properties, of which 149 are integrated retail and carpark facilities, two are standalone retail facilities and 29 are standalone carpark facilities. As at 31 March 2005, the net book value of such properties was about \$19 billion.

(ii) 公共租住房屋所佔用的土地 *Land for public rental housing*

截至二〇〇五年三月三十一日，公共租住房屋所佔用的土地總面積為 15,472,652 平方米，其中包括相關的零售、福利及停車場用地、學校、公共交通交匯處、鄰舍休憩用地、獨立的政府機構及社區設施，以及不能發展的土地，如綠化地帶、斜坡等。公共租住房屋根據接管令所涵蓋的土地範圍通常較實際的發展範圍為大，原因是接管令是基於行政考慮而訂定的。就租者置其屋計劃下的屋邨而言，用地面積涵蓋整個屋邨，包括已售和未售的單位。

Total area of the land occupied by public rental housing estates was 15,472,652 m² as at 31 March 2005. They include associated retail, welfare and carparking areas, schools, public transport interchanges, local open spaces, free-standing Government institution and community facilities and areas that are not developable, such as green belts, steep slopes. The Vesting Order boundaries of public rental housing estates often cover a larger area than the actual development areas since the Vesting Orders are determined based on administrative considerations. In the case of Tenants Purchase Scheme estates, the site area covers the entire estate inclusive of sold and unsold flats.
